EDUCATION

Cambridge Institute of Technology, Bengaluru - Expected 2025 | Current GPA: 8.1/10

B.E in Computer Science

St. Aloysius PU College, Mangaluru – 2021 | Percentage: 84.01%

Stream: PCMB

Alvas English Medium High School, Moodubidire – 2019 | Percentage: 92.03%

Secondary School Leaving Certificate

SKILLS

Languages: Java (Advanced), JavaScript (Intermediate), Golang (Intermediate), HTML&CSS (Advanced)

Tools: VS Code, IntelliJ

Database: MySQL (Advanced)

Data Structures and Algorithms

Cloud Computing

PROJECTS

Google-Themed Personal Portfolio Website Design  / *HTML, CSS, JavaScript*

- Designed and developed a Google-themed personal portfolio website showcasing my technical skills, projects, and achievements. Integrated responsive design, interactive elements, and a custom Contact/Connect page, reflecting a student perspective and user-friendly experience.

Personal Portfolio / *HTML, CSS*

- Created a responsive personal portfolio website using HTML and CSS, featuring projects and skills with a modern design and smooth animations.

Captcha Solver / *Python, OpenCV, VS Code*

- Developed a Captcha Solver system using Python to automate the process of solving CAPTCHAs. Implemented algorithms to enhance accuracy and efficiency, focusing on breaking complex image-based CAPTCHAs with high success rates.

Library Management System / *MySQL*

- Developed a Library Management System using SQL, enabling efficient tracking of books and members.
- Implemented robust database operations for streamlined library management and enhanced data integrity.
